GLORIA LARBI

JUNIOR WEB DEVELOPER

✉ glolarbi1234@gmail.com 📞 +233558330172 ⌽ github.com/Miss-Gloria

Profile

A Junior Web Developer with a passion for building responsive and scalable websites. Learning and applying HTML, CSS, and JavaScript to create websites, familiar with version control (Git, GitHub) and website optimization. Gaining experience in DevOps practices, including basic CI/CD automation, cloud hosting (AWS), and I am committed to continuous learning and improving development workflows for efficient and maintainable code.

Skills

Web Development
- HTML
- CSS
- Javascript (Node.js)

DevOps and Cloud
- CI/CD: Github Actions, Docker
- Cloud Services: AWS(S3, EC2 etc)
- IaC: Terraform

Projects

Personal Portfolio Website
- Designed and developed a fully responsive portfolio website to showcase projects, skills, and experience using **HTML, CSS, JavaScript.**
- Configured GitHub Actions for automated testing and deployment while maintaining version control with **Git**.
- Deployed and hosted on AWS Route53 with a custom domain.

Secure CICD Pipeline / Devops
- Set up a CI/CD pipeline using Github-Actions to automate processes while enforcing security best practices
- Used SonarQube (SAST)for automated security and quality code scanning, identifying vulnerabilities and enforcing compliance standards
- Secured sensitive information using Github Secrets and collected and reviewed pipeline logs from SonarQube to track security vulnerabilities before deployment.

Web Development and Deployment Website
- Developed a website that explains the process of building and deploying websites using **HTML, CSS, JavaScript.**
- Highlighted essential web development services, such as responsive design and hosting solutions.
- Provided guidance on how businesses and individuals can get their own websites up and running.
